#NEXTGENERATION

WE'RE LOOKING FOR NEW TALENT TO JOIN OUR TEAM

Are you into technology, skilled with your hands, and curious about the latest innovations? Do you want to be part of a team of dedicated professionals and earn attractive rewards for outstanding performance? Are you looking for an apprenticeship that's grounded, practical, and offers great future prospects?

Weingärtner Maschinenbau is an internationally successful company with strong roots in Upper Austria. We offer an apprenticeship program that gives you cutting-edge knowledge in the fields of electrical and control engineering, pneumatics, and hydraulics.

ELECTRICAL ENGINEERING

(Main Module: Plant and Operational Technology) - DURATION = 3,5 years

This exciting high-tech apprenticeship focuses on:

- // Planning, assembling, and wiring control cabinets and switchgear
- // Installing and commissioning machines, production systems, and control units
- // Systematic troubleshooting and repair of electrical systems

VOCATIONAL SCHOOL

10-week block courses with on-site accommodation at the vocational school in Gmunden.
