WEINGÄRTNER
MASCHINENBAU

DESIGN ENGINEERING Main Module: Mechanical Engineering - 4 yrs

WE'RE LOOKING FOR NEW TALENT TO JOIN OUR TEAM

Are you into technology, skilled with your hands, and curious about the latest innovations? Do you want to be part of a team of dedicated professionals and earn attractive rewards for outstanding performance? Are you looking for an apprenticeship that's grounded, practical, and offers great future prospects?

Weingärtner Maschinenbau is an internationally successful company with strong roots in Upper Austria. We offer training that gives you the most up-to-date knowledge in design, calculation, and manufacturing of mechanical systems.

This exciting high-tech apprenticeship focuses on:

// Designing components and assemblies
// Creating production and assembly drawings, parts lists, and simplified models
// Contributing to the improvement and further development of existing assemblies
